Courses

CIS 235 - Application Software

This course teaches students how to use some of the most popular categories of business software: word processing, electronic spreadsheets, database management software, and presentation software. CIS 235 assumes no prior knowledge of these software applications; however, it also introduces advanced techniques for the experienced user. Each package studied begins working at a novice level and quickly progresses to an advanced level. The course is taught in a hands-on laboratory fashion.

Grade Basis: L
Credit hours: 3.0
Lecture hours: 3.0

CIS 330 - Introduction to Management Information Systems

This course introduces the fundamental concepts of information systems and the ways they are applied in business. Case studies providing conceptual, hands-on and team activities will be utilized. The class will strengthen problem-solving skills using real-life business simulations.

Grade Basis: L
Credit hours: 3.0
Lecture hours: 3.0
